

Garret Poon, Designer at Daughter Creative

Garrett interned at Daughter in 2022, and jumped straight into agency life, developing a comprehensive brand system for Slow Pour in Edmonton, and contributing can art for Cabin, Annex, Big Rock, and more. After graduating top of his class from Alberta University of the Arts, Garrett came on full time and has worked on everything from ice cream to energy, all with a keen sense of systems, and a flair for type and colour.
